- Like new table setup. Much easier to move around.
- New seating is great.
- I ♥ the new setup!
- A+ on the new seating arrangement! Yay!!
- Thank you SO much for rearranging the eating! It is so much better now!! 😊
- Love the new seating!
- I love the new seating!
- ***Thank you for the feedback on the new seating arrangement. Another good thing about it is that we did not lose any seats in the café and there is more room for our staff to move around the tables for cleaning.***
- Cookie cake! I want it all the time!
- ***Cookie cake is one of our best desserts-glad you enjoy it.***
- The broccoli and cheese calzones were SO good! Please make them more often. Also, could you make the dough of the calzones into rolls? It'd be great, like Burtucci's!
- The broccoli and cheese calzones today were delicious. Do those more often and make them the same way!
- ***Calzones are all popular menu items-especially the broccoli & cheese.***
- Tex mex was unreal! ♥ Serve it more often!
- ***We will serve it more often.***
- Pumpkin pie! YAAAAAY! Also, the turkey burgers at lunch were AWESOME.
- ***Two more very popular menus items we are glad you enjoy!***

Complaints

- Your clocks are six minutes slow! It made me late to class ☹
- ***The clocks are now set to the correct time.***
- The problem with seating doesn't lie with the arrangement; the problem is there are too many seats for this area but not enough for every Clark student! Moral: build a bigger cafe!
- You didn't hear me...the new seating is still uncomfortable...this is just a bad space to feed hundreds!
- ***We acknowledge the fact that we could use additional seating and more space at times, but overall, the traffic flow in the café tends to accommodate everyone during the meal periods.***
- Don't have waffles in the AM when there is a waffle maker already. It makes no sense.
- ***Sometimes when there is a higher demand for waffles, we will also put waffles on the serving line to keep up with the volume. Otherwise, long lines form to wait for the waffle makers. Also the waffles that are at the waffle iron are Belgium Waffles and do differ in texture from the homestyle.***
- Meatless Mondays are unfair to those who like meat. There is food for those who don't eat meat. Why must we all suffer! I don't think meatless Monday is healthier because there are health choices w/ meat. Stop w/ the meatless Monday!
- Meatless Mondays are not appreciated. At least not by me... Meat please
- ***Meatless Mondays are meant to satisfy those who eat meat and those who choose not to eat meat. The grill station always has burgers and grilled chicken breast as well as meat for sandwiches at the deli station. The pizza station often has a pizza selection with meat on Mondays and the Chef's Signature station always has meat on Mondays.***
