

Dining Guidelines

- Your meals are your own. You may not loan your ID to another student to swipe in with your card in any dining location.
- Your Meal Plans are refreshed each Monday morning with new dining opportunities. They do not carry over from week to week.
- Students may enter Higgins Café an unlimited number of times per day up to their allotted weekly entrances. However, only one swap per meal period is allowed in the Bistro.
- All meal plans come with guest passes. Students who wish to have a guest in Higgins Café should use their allotted guest passes. They may also use Dining Dollars or Cash Card for their guest.
- Non-paying guests are not allowed to enter Higgins Café.
- Do not remove china, glasses and silverware from Higgins Cafe. Removing these items causes shortages during meals and add to the cost of the meal plan.

Dining Guidelines

- Food may not be removed from Higgins Café. Students may not package food to-go. Swaps are available in the Bistro as a to-go option.
- Students who cannot go to the UC for their meal due to class conflicts should call Stu (x7158).
- In consideration of those who dine after you, please take your dishes and trash to the dish return area located next to the dining room exit.
- Please make a appointment with a Dining Services manager for access to My Zone Pantry.

Our goal is to make every dining experience an exceptional one. Please feel free to speak with the chef or manager on duty if at any time you were not satisfied with your experience or if you have a suggestions that you would like to pass on.
